# Offered services

## IMPORT

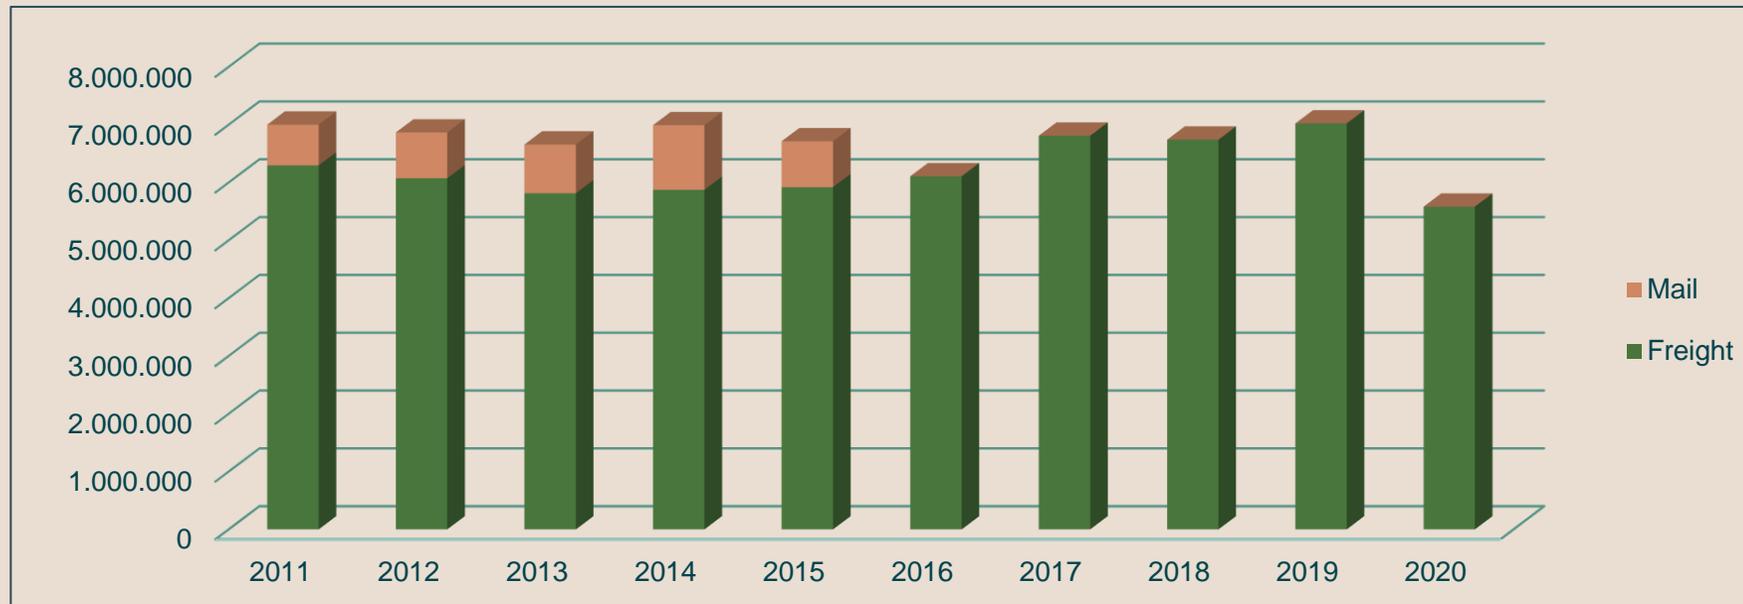

- Unloading of shipments from the aircraft, sorting and introducing extra-charge goods in the temporary storage A3 (or unloading of goods from “air trucks”, including assistance at the customs gate);
- Cargo Manifest Issuing (MMA);
- Goods / documents checking;
- Contact with “Customs SOT Falconara airport” to have A3 registration number;
- Immediate notice of the arrival of goods to importers or delegated forwarders, as well as airport tax cashing on behalf of the airlines;
- Goods storage in the warehouse until delivery;
- Support for outgoing goods from the customs area.

## EXPORT

- Loose and palletized shipments allowance;
- Document check (MAWB, HAWB, invoices, any other docs attached, etc);
- Security control with an X-ray machine located in the warehouse cargo airport, with dimensions of 150x170 cm for palletized goods;
- Aircraft loading support for special cargo, such as perishable goods.
